PLUTONIUM FLUORIDE STUDIES

SYMBOL: TOD:ARM

CLASSIFICATION CANCELLED

DATE 8/6/74  
For The U. S. Atomic Energy Commission

Division of Classification

I believe that you know of the various discussions which technical personnel at Hanford have had with technical people here at KAPL pertaining to the plutonium fluoride processing studies. Dr. Greninger has asked Dr. Kingdon to carry out an experimental program under the Assistance to Hanford Program on plutonium fluoride chemistry, provided funds are available here.

This expenditure is estimated to be \$20,000 for fiscal year 1953 and these funds are available under the Assistance to Hanford Program. It is planned for this work to be started shortly. This work would continue during fiscal year 1954, and a separate item for this has been shown in the proposed Assistance to Hanford Program (2802) which I submitted to you on February 12.

I would appreciate any comments you may have on the plutonium fluoride work here.
